Happy October everyone! If you are like me, you probably love everything about Halloween; the scary movies, haunted tours, pumpkin carving, wearing costumes and of course the candy!

Halloween is my favorite holiday, I make time for everything there is to do and one of my absolute favorite Halloween traditions is watching as many scary movies as I can throughout October. A lot of my Halloween favorites can be streamed online (Happy Huluween), but for some of the harder ones to find, I am grateful to the library for having most available to borrow on DVD.

My Halloween movie tradition is inspiration for a few of the new binge boxes recently added to our collection. So, if you are interested in binging some really spooky horror movies or some family-friendly Halloween favorites, our binge boxes include three movies, popcorn and for a limited time, delicious candy treats for a fun Halloween theme night!

Our Halloween Binge Boxes include:
