

Kirkland Town Library Walking Club

Finding Beauty Challenge: Follow the Rainbow, 1.2 miles

There's a rainbow of colors on this walk! Start at the KTL at our **brick building**. Turn right onto **College Street**. You'll pass by a **red** house and a **green** house on your right. Just past Chenango Avenue South is the **Old Canal Building**. Cross Route 12B at the traffic light and take a right onto **Marvin Street**. About halfway up on the right, you'll find another **green** house; up a few steps and across the street is a **yellow** house with **black** shutters. At the top of the street, also on the right, is a **lighter colored brick** house. Take a left onto **Chestnut Street**. On the right side is the Clara Barton House, which is as white as snow. Keep following Chestnut; when you get to the corner of **Fountain Street**, you'll find a **blue** house. Take a left onto Fountain Street. On the right side, you'll find another **yellow** house. A few doors down, also on the right, is a house that you might call **pink**. Pass by the **Clinton Historical Society** and take a left onto **South Park Row** and start walking back towards the KTL. At the corner with the traffic light, you'll find the colorful **Artisan's Corner**. Keep following **College Street** past a **red** business until you get back to the KTL. We couldn't find any **orange** or **purple** houses. Can you find something in those colors? Let us know!

Be safe! If you are on a road without sidewalks, walk against traffic as far out of the street as possible.
